

LANTECH SUPERFLEX 10 BAR

APPLICATION

- Premium food quality hose designed to meet the specific requirements of the food industry both in food processing and transfer operations.
- Top quality beverage hose suitable for handling soft and alcoholic drinks of high value.
- Inner rubber specifically formulated to be totally odourless and taste-free.
- Suitable for both suction and delivery purposes.
- The special corrugation of the outer cover allows utmost flexibility and exceptional ease of handling.
- High performance under conditions of mechanical and thermal stress during cleaning operations

CONSTRUCTION

TUBE

- White, fully odourless and tasteless, mirror like and smooth (translucent tubing for transfer of alcohol's at highest concentration on demand)
- Rubber compound complying with FDA standards
- Suitable for all commercial cleaning and disinfection products used in the food industry.

REINFORCEMENTS

- Plies of synthetic cord and embedded twin steel helix wires.

COVER

- EPDM-based rubber, sparkling red with wide corrugation, resistant to abrasion, ozone and weather, cloth finish.

TEMPERATURE RANGE

- From -40 °C up to 120 °C
- Sterilisation up to 130 °C for a maximum time of 30 minutes.

SAFETY FACTOR

- ≥ 3 times working pressure.

INTERNAL DIAMETER (mm)	BENDING RADIUS (mm)	WORKING PRESSURE (Bar)	VACUUM (mm.Hg)	THEORICAL WEIGHT (Kg/m)
50	110	10	600	1.75
65	150	10	600	2.32
75	200	10	600	2.77
